

Career Planning Worksheet 4: Skills Self-Assessment

Below is a list of the top ten job skills for 2025 according to the World Economic Forum. Identify three behavioral indicators for each skill. (A behavioral indicator is an observable element of human behavior that indicates the level of proficiency in a particular competence.)

After providing three behavioral indicators per skill, pick the top three skills you think you need to improve on for the next six months. Come up with a learning-development plan to guide your daily activities toward the development of the identified skill set.

Top Skills for 2025	Behavioral Indicators
1. Analytical thinking and innovation	
2. Active learning and learning strategies	
3. Complex problem-solving	
4. Critical thinking and analysis	

<p>5. Creativity, originality, and analysis</p>	
<p>6. Leadership and social influence</p>	
<p>7. Technology use, monitoring, control</p>	
<p>8. Technology design and programming</p>	
<p>9. Resilience stress tolerance and flexibility</p>	
<p>10. Reasoning, problem-solving, and ideation</p>	

My Personal Learning-Development Plan

What are the top three skills I need to improve on?	For this skill, what behaviors do I need to do more of?	How can I make sure that I practice these behaviors?
