

## Career Planning Worksheet 5: Personal Work Ethics and Values

For the following questions, take the time to honestly reflect on your own personal values and work ethics as you may notice in your behaviors while you work and/or study. These questions will guide you in identifying your personal work ethics and values.

1. What principle/s do you make sure that you adhere to in your daily activities (e.g., being on time always, being honest, etc.)

---

---

---

---

2. What behavior in another person would you consider as a "deal-breaker" or something that would turn you off immediately?

---

---

---

---

3. What organizational values do you consider to be non-negotiables in the workplace that you envision yourself to be in?

---

---

---

---
